CRYPTONOTE DISPLAY DECIMAL POINT = 8

CRYPTONOTE MINED MONEY UNLOCK WINDOW = 10

PORTS = 25054 & 25055

TICKER = GNS

The Goodness Project

Different charity funds are scattered across many websites, which creates inconveniences. Our project puts together many of these charities on our website with their descriptions. Donations will be split following this ratio: 30% will go to support our project and 70% will go to chosen fund. This ratio will change with time in favor of charity funds. (20/80 in beginning of the next year). Charity funds will have a donation goal system. Each time charity fund achieves a donation goal, all collected donations go to the charity fund. Notice, that not all charity funds accept cryptocurrency donations. On our website you can donate to these charity funds as well. You can donate either anonymously or with your name/nickname specified. All donators will be shown on corresponding fund's page. After sending donated money to the fund we will place transaction details for you to see and make sure we did everything right. Cryptocurrency/euro/dollar/ruble donations will be supported.

ROADMAP

Q3 2019: More exchange listings. Linux GUI wallet. Create official pool. Block explorer.

Q4 2019: More exchange listings. Windows GUI Wallet. Search and add new charitable funds to the site.

Q1 2020: More exchange listings. Mobile Wallet for Android. Search and add new charitable funds to the site.

Year 2: achieve the use of our cryptocurrency as many funds as possible.
